Notes to the Schedules

March 31, 1988

1. Schedules of Receipts and Payments and Employees' Accumulated Contributions

Section 69 of The Public Service Superannuation Act requires the preparation of a report which itemizes contributions received from employees, allowances paid to superannuates and refunds of contributions. These reports are presented as the Schedules of Receipts and Payments and the Schedules of Employees' Accumulated Contributions.

a) Schedules of Receipts and Payments

In accordance with the provisions of Section 40 of The Public Service Superannuation Act, all funds received (paid) by the Board are recorded as revenue (expenditure) of the Consolidated Fund of the Province. No funds are set aside for the payment of future benefits (see Note 6).

b) Schedules of Employees' Accumulated Contributions

The Schedules of Employees Accumulated Contributions present, in summary form, an accounting of the changes that have occurred during the year in the cumulative contributions of all employees of the Provincial Government and related agencies who are registered under the provisions of The Public Service Superannuation Act. In the case of the Public Service Superannuation Plan, these employees are not yet in receipt of allowances under the Act. For the Employees' Savings Account, these employees have not yet received a refund of contributions.

The balance of the employees' accumulated contributions does not include any accrued interest thereon which may be payable to or on behalf of the employee upon his termination or retirement. Interest provided for in the Act is calculated and paid by the Board when terminating employees withdraw their accumulated contributions from the Plans.

2. Accounting Policy

The accounts are maintained on a cash basis of accounting with the following modifications:

(i) Amounts received in the month of April which apply to the preceding fiscal year are recorded as received in the preceding fiscal year.

(ii) Disbursements made in the month of April which apply to the preceding fiscal year are recorded as paid in the preceding fiscal year.

3. Public Service Superannuation Plan

Members of The Public Service Superannuation Plan include those public service employees who were employed prior to October 1, 1977 and did not elect to transfer to the Public Employees' (Government Contributory) Superannuation Plan prior to October 1, 1978.

4. Employees' Savings Account

For those employees who were ineligible to contribute to the Public Service Superannuation Plan because of age restrictions upon commencement of employment, Section 48 of The Public Service Superannuation Act permits them to contribute to the Employees' Savings Account. Upon retirement, the employee receives, in lieu of a retirement pension, his contributions with accrued interest together with an amount equal to his accumulated contributions and interest.

5. Related Party Transactions

In accordance with subsection 3(3) of The Public Service Superannuation Act, all general administrative and employee costs required for the administration of the Board are paid out of the Consolidated Fund of the Province of Saskatchewan. Accordingly, no provisions for these costs is included in these schedules.

6. Unfunded Past Service Pension Liability

Section 40 of The Public Service Superannuation Act stipulates that all benefit payments pursuant to the Public Service Superannuation Plan shall be paid from the Consolidated Fund.

An actuarial valuation of the Public Service Superannuation Plan was performed as at March 31, 1986. The consulting actuaries estimated the unfunded liability of the plan, using the accrued benefit actuarial cost method, discounted for interest, to be $646,615,000 for services provided to the valuation date. The unfunded past service liability has been calculated using a discount rate of interest of 9%.

7. Integration of the Canada Pension Plan

The Canada Pension Plan is considered to be integrated with the Public Service Superannuation Plan in the calculation of superannuation allowances and in making payroll deductions for superannuation contribution purposes. Although the Plans are integrated for the foregoing purposes, the accompanying financial schedules do not reflect the employees' contributions to the Canada Pension Plan nor the allowances paid to superannuates by the Canada Pension Plan.

Any gain or loss realized upon the sale of investments are recognized in the period in which the sale took place.

b) Basis of Accounting

The accounts are maintained on an accrual basis of accounting.

2. Description of the Fund

The Saskatchewan Transportation Company Employees Superannuation Fund was established under provisions of an amendment to The Public Service Superannuation Act, effective April 1, 1981, and is administered by the Public Service Superannuation Board. Employees of the Saskatchewan Transportation Company on March 31, 1981, are deemed to be employees of the Public Service for purposes of The Public Service Superannuation Act. For those employees deemed to be Public Service Employees, contributions are made to the fund and correspondingly refunds, transfers and retirement benefits are paid from the fund, all in accordance with the provisions of The Public Service Superannuation Act.

3. Accumulated Fund Balance

The accumulated fund balance is composed of the employees accumulated contributions and the unallocated fund balance.

Employees' Accumulated Contributions

This represents the accumulated amounts that have been contributed by current company employees to the fund at year end. This sum does not represent the accrued value of retirement benefits earned by these employees since retirement benefits are based on years of service and salary levels.

Unallocated Fund Balance

This is comprised of:

i) the accumulated contributions made by all superannuates to the fund;

ii) investment earnings; and

iii) accumulated contributions to the fund by the Saskatchewan Transportation Company;

reduced by:

i) retirement allowances paid to superannuated employees; and

ii) interest paid upon withdrawal or transfer of employee contributions from the fund.

4. Related Party Transactions

The Fund is administered by the Public Employees Benefits Agency. In accordance with Section 3(3) of The Public Service Superannuation Act, the costs to administer the fund are borne by the consolidated fund of the province and are not reflected in the accompanying financial statements.

5. Unfunded Liability

Benefits provided under The Public Service Superannuation Act and paid from The Saskatchewan Transportation Company Employees Superannuation Fund are considered to be defined benefit final average pensions.

An actuarial valuation was performed on this Fund as at March 31, 1984. The valuation indicated that using the accrued benefit actuarial cost method, the present value of accumulated benefits resulting from services provided to the valuation date was $13.9 million with an existing asset valuation of $10.1 million based on book values, for a net unfunded actuarial liability of $3.8 million at March 31, 1984. The Consolidated Fund is obligated to fund any deficiency to meet retirement benefits and withdrawals.

6. Subsequent Events

The Revolving Fund was established to account for all expenditures previously paid out of the Consolidated Fund for the administration of the Public Employees Benefits Agency (PEBA). In addition, the Minister of Finance may charge a fee for any services which he provides on behalf of the Revolving Fund through the Consolidated Fund. These costs will be charged by the Revolving Fund to the various pension funds and benefit programs administered by PEBA.

ii) **The Department of Revenue and Financial Services Consequential Amendment Act, 1988**

On June 28, 1988, Section 3 of The Public Service Superannuation Act was amended through the passing of The Department of Revenue and Financial Services Consequential Amendment Act, 1988. The amendment, which is retroactive to April 1, 1988, establishes that sums required for the purpose of administering the Saskatchewan Transportation Company Employees Superannuation Fund shall be a charge on and paid out of the Saskatchewan Transportation Company Employees Superannuation Fund. These expenditures were previously paid out of the Consolidated Fund prior to the amendment. The annual operating expenditures for the 1988-89 year associated with the Plan's administration are estimated to be $24,000 and will be paid to the Public Employees Benefits Agency Revolving Fund.

iii) **The Investment Provisions Amendment Act**

The Investment Provisions Amendment Act received Royal Assent on June 28, 1988. This Act was proclaimed in force on December 1, 1988, retroactive to June 1, 1988. The above Act amends subsection 60.2(11) of The Public Service Superannuation Act to change the restrictions imposed on the Minister of Finance for the purpose of making eligible investments on behalf of the Saskatchewan Transportation Company Employees Superannuation Fund. Effective June 1, 1988 the Minister of Finance may invest all or any part of the monies standing to the credit of the Fund in any securities authorized pursuant to The Pension Benefits Act.

Subsection 60.2(11.2) of The Public Service Superannuation Act also authorizes the Minister of Finance to enter into any agreement or engage any services he considers necessary for the purpose of managing, investing or disposing of all or any part of the assets in the Fund. Furthermore, subsection 60.2 (11.6) provides that the costs incurred pursuant to subsection 60.2 (11.2) and any other expenses associated with the managing, investing or disposing of the assets shall be paid out of the Saskatchewan Transportation Company Employees Superannuation Fund.

Notes to Financial Statements

Year Ended March 31, 1988

1. Significant Accounting Policy

Investments

Investments are recorded at cost. Differences between cost and par value are not amortized. Any gain or loss realized upon the sale of investments is recognized in the period in which the sale took place.

2. Description of the Fund

The Anti-Tuberculosis League Employees Superannuation Fund was established under provisions of an amendment to The Public Service Superannuation Act, effective April 1, 1979. Employees of the Saskatchewan Anti-Tuberculosis League on March 31, 1979 are deemed to be employees of the public service for purposes of The Public Service Superannuation Act unless an election was made prior to April 1, 1980 to participate in the Public Employees (Government Contributory) Superannuation Plan.

3. Accumulated Fund Balance

The accumulated fund balance is composed of the employees accumulated contributions and the unallocated fund balance.

Employees' Accumulated Contributions

This amount represents the accumulated amounts that have been contributed to the Fund by current League employees or former employees who are not yet in receipt of benefits.

Unallocated Fund Balance

This is comprised of:

i) the balance of all amounts contributed by former League employees who themselves or whose beneficiaries are or were receiving allowances;

ii) all amounts contributed by the employer; and

iii) investment earnings;

reduced by:

i) allowances paid to superannuates; and

ii) interest on contributions refunded to members who have resigned.

4. Related Party Transactions

The Fund is administered by the Public Employees Benefits Agency. In accordance with subsection 3(3) of The Public Service Superannuation Act, the costs to administer the Fund are borne by the Consolidated Fund of the Province and are not reflected in the accompanying financial statements.

5. Unfunded Liability

Pensions paid from the Anti-Tuberculosis League Employees Superannuation Fund under The Public Service Superannuation Act are considered to be defined benefit final average pensions.

An actuarial valuation performed on this fund as at March 31, 1984 indicated that, using the accrued benefit actuarial cost method, the present value of accumulated benefits resulting from service provided to valuation date was $6.5 million. This amount, less the asset valuation of $5.3 million based on book values, resulted in a net unfunded actuarial liability of $1.2 million at March 31, 1984. The Consolidated Fund is obligated to fund any deficiency to meet retirement benefits and withdrawals.
